## THE BEE HIVE!

# New Carpets and Rugs.

The carpenters have now finished the work of enlarging our carpet room. Our stocks of new Carpets and Rugs are so large that we needed much additional space to handle them. We believe that we now have a Carpet Department that would do credit to any metropolitan store. From the cheapest Hemp Carpet at 8c. to the best of Axminster at 90c. there is not a roll but will prove of exceptional value for the price asked. We are showing a larger and better assortment of Ingrains and Brussels than ever before. You'll find here the very choicest of patterns to select from, and you have the further advantage of seeing just how the carpet is going to look on your floor. We have also an immense stock of Smyrna and Moquette Rugs and magnificent Art Squares. We know that if you will let us supply your carpet wants we will save you money.

## Some Rare Shirt Waist Bargains.

We carried over from last season about ten dozen Shirt Waists. Rather than mix them with the new stock we have placed 'em on a separate counter and marked prices less than cost. The 49c. and 59c. kind are now 29c. Last year's 75c. price has been marked down to 39c. Waists that were lowly priced at \$1 and \$1.25 are now 59c. There are also a few that were \$3 now 99c. These Waists will sell quickly. Come before the best are picked over.

PROPRIETORS BEE HIVE

### AN ELECTROSTATIC PAIR.

He was the gallant engineer  
Of a giant dynamo;  
She sang to the wires the whole day long  
With a chorus of "Hello!"

He loved this telephonic maid  
Till his heart's vibrating plate  
Was magnetized and polarized  
At a milliamperic rate.

His love he well expressed in ohms,  
And amperes, or even in volts;  
In voltaic phrases and dynamo figures,  
Or currents, are lights and bolts.

Said he: "By the great broken circuit,  
Or more, by the Ruhmkorff coil,  
Your negative answers will drive me  
To some subway under the soil."

"Not a spark of inductive affection,  
Not a positive 'Yes' have I had;  
I'm afraid the wires have grounded  
In favor of some other lad."

Then regret, like a galvanometer,  
Or an astatic needle, it smote her,  
And she said: "Of love I have long  
As strong as an Edison motor."

So he opened the circuit and clasped her  
In armature, and held her there;  
And she was the bolle electric  
Of this thermo-electric pair.

## CHICKAMAUGA!

Where Kentucky's Monument Will Stand On the Historic Battlefield.

### PROGRAM FOR THE DEDICATION

Dr. G. M. Williams of this city, who was a member of the Second Kentucky and was engaged in the battle of Chickamauga, recently wrote to Governor Bradley as to the exact location of the Kentucky Monument on that battlefield.

The Doctor has a splendid map of the field and desired to mark upon it the location of this memorial.

Governor Bradley referred his letter to Colonel Kelley, Secretary of the Chickamauga Commission, and Dr. Williams has received from Colonel Kelley the following letter:

LOUISVILLE, KY., April 4th, 1899.  
Dr. G. M. Williams, Maysville, Ky.: The Kentucky Monument is located at a point about thirty feet East of the Lafayette Road at the junction with the Crawfish Springs on Glenn House Road, and about eighty feet South of its junction with the Alexander's Bridge Road.  
It is a conspicuous site and the Monument can be seen for a mile in the Park extending from Chattanooga and for the same distance in the other direction.  
It is forty-four feet high, of granite, with a bronze figure on summit and bronze plates for inscriptions. Respectfully,  
R. M. KELLEY, Secretary.

All arrangements have been made for the dedication of the Monument on Wednesday, May 3d.

According to the definite plans of Governor Bradley, the Governor and his staff and a big delegation of other Kentuckians will arrive at Chattanooga Tuesday evening, May 2d, on a special train, which leaves Louisville on the morning of the same day.

On the morning of the 3d Governor Bradley and his party will be taken to the Park in carriages, accompanied by a large party of Chattanooga people, where the Monument will be dedicated.

The following program has been arranged by the Kentucky Commission:

Music—Band.

Assembly called to order by a member of the Kentucky Park Commission.

Prayer.

Music—"The Old Kentucky Home"—Miss Anita Muldoon, Louisville.

Tendering the Monument to Governor Bradley by a member of the Kentucky Park Commission.

Acceptance and unveiling of the Monument by Governor Bradley, who will turn the same over to General H. V. Boynton, President of the Chickamauga Park Commission.

Response by General H. V. Boynton in behalf of the Commission.

Music—"The Star Spangled Banner."

Mothers! Beware of those secret robbers of your baby's quiet and health. Those sleepless nights and long hours of tiresome vigil are caused by those terrible enemies of childhood—worms. Destroy and remove them with White's Cream Vermifuge. Price 25 cents. J. Jas. Wood & Son.

## Your Boy or Girl

Will be better for having a watch. There will be fewer tardy marks and fewer broken appointments. They will learn the value of time, that life is made up of time, just moments of time, and those moments put to good use make life a success or failure. Teach them to be at school on time, to meet the train on time, in fact, do everything on time and thereby shorten the cares of life. We have Watches to suit all sizes and conditions, for boys, girls, ladies and men, from \$1 up. Come in and look at them.

BALLENGER,  
Jeweler and Optician.

# The Crowds Are Coming!

The first day's sale of Hechinger's Selling-Out Sale points to the fact that the people are going to take advantage of it. As unseasonable as the day proved to be many customers had to await their turn to be waited on. The efficient force of salesmen handled the crowd nicely, and at the wind-up of the day's business it is believed all were waited on satisfactory.

## The Stock Being So Large and Consisting Only of New, Choice Goods,

Is a guarantee to those who perhaps find it inconvenient to attend the sale at its beginning, that they can rest assured that they will find the correct things, no matter when they come. Naming prices in newspapers means nothing. Compare Hechinger's goods with those of other houses, at home or abroad, and you will quickly see what this sale means to you.

### THE NEW

# Black Crepons.

Counted them yesterday at noon—27 of these brand new elegances in black. How the looms are taught to do such beautiful tricks it's hard to tell.

Here is a Crepon with ribbon-like stripes a third of an inch wide. They form plaids but at each intersection the ribbons clasp as if in a hand shake. Another has wider cross stripes laid on plain, while stripe and back ground are thickly strewn with silk dots.

Here is one that looks for all the world as though the zig-zag figures were embroidered by hand. Not expensive either—\$1.95 a yard.

Think of a tiny bead broken in bits. The pieces are as large as those that glisten in the web threads of one Crepon. These brightened threads are quarter inch apart.

Another weave has the effect of chenille threads scattered with half careless hand. This group is called "Mexican"—a number of variations of plain thick and thin designs.

Some new Crepons are almost perfect crepes. They will all wear well—it is an unusual combination—elegance plus service. An important family are the \$1 Crepons with degrees of added beauty marked by price advance to the height of \$3.50.

## D. HUNT & SON.
